Want more info about these resources? Contact us and we'll connect you.

National CAH Quality Inventory & Assessment Due Tomorrow!

The Assessment, which is the first of its kind on a national level, will be an opportunity to gather a wealth of information on QI processes from CAHs in a standardized manner.

All CAHs are requested to complete the Assessment!

Once collection is complete, hospitals will receive state and national comparison information related to the data collected through this Assessment.

Click here for more info!

The Kentucky Office of Rural Health (KORH), established in 1991, is a federal-state partnership authorized by federal legislation. The mission of the KORH is to support the health and well-being of Kentuckians by promoting access to rural health services. The KORH assists clinicians, administrators and consumers find ways to improve communications, finances and access to quality health care while ensuring that funding agencies and policymakers are made aware of the needs of rural communities. The KORH receives support from the Federal Office of Rural Health Policy in the Health Resources and Services Administration of the U.S. Department of Health and Human Services.
