A simple model for writing a primary research paper

Tuesday, March 14th, 2023

Nursing 501C

12:00 – 1:00 pm

Lunch provided with registration by 12 pm on Friday 03/10

John Gensel, PhD

*Acting Director of Spinal Cord and Brain Injury
Research Center (SCoBIRC) &
Associate Professor Department of Physiology*

Manuscript writing and publication preparation can be overwhelming and are often marginalized in day-to-day activities. The goal of this talk is to present a simple, step-by-step template for writing primary research papers. Individual components (intro, results, discussion, etc.) will be broken down into a sentence-by-sentence guide to draft manuscripts or mentor others on manuscript preparation.
