### **Ryan Griggs, PhD**

(Physiology Graduate)

*Senior Medical Science Liaison*

*Myriad Genetics*

As a Senior Medical Science Liaison with Myriad Genetics Mental Health, Dr. Ryan Griggs supports pharmacogenomic testing for mental health care by serving as a clinical and scientific resource for clinicians and fostering collaborations with the research and healthcare communities. Dr. Griggs helps providers get the most out of GeneSight testing for their patients by delivering educational presentations and consulting on the interpretation of specific GeneSight reports. Prior to Myriad, Dr. Griggs worked in drug discovery at Merck, taught at several academic institutions, and led a diverse team of international neuroscientists as a postdoctoral researcher.
