MN 136

Colors and Connection
Tuesday, 1:00pm - 2:00pm : July 23
Willard Science Building
Dean's Conference Room
MN 136

About this program:

Uniquely developed for college communities, the Colors and Connection program uses color as a medium for self-expression, personal reflection, and engagement with others.

Use color to explore. Discover your thoughts and feelings and experience a sense of connectedness during this fun gathering for all.

No need to be an artist - come as you are!

Materials provided. No experience necessary. All welcome.
