

Family Caregiver Workshop

Wednesday, April 24 | 9am-12:00pm EST

Join Us In-Person or Virtually.

The Family Caregiver Workshop is specialized for family caregivers navigating the dementia journey. Local and statewide experts who specialize in aging and Alzheimer's care will present topics that will provide you with a better understanding of the disease and strategies to help you care for your loved one.

Topics will include:

- Disease Education
- Understanding Dementia Related Behaviors
- Communication
- Caregiver Support
- Home Safety Tips

Featuring Guest Speaker
Richard D. King, MD, PhD
