Robert Cohen, MD

Clinical Professor

Environmental and Occupational Health Sciences

Director

Mining Education and Resource Center (MinER)

University of Illinois at Chicago

Dr. Cohen has worked with the Chicago-based Black Lung Clinics Program for more than 30 years as the Project Director. He is a principal investigator for the only US Government-funded Black Lung Data and Research Center and for research projects on coal miners' health in the US.

He is a National Institute for Occupational Safety and Health (NIOSH)-certified B Reader and board-certified physician in internal medicine, pulmonary medicine, and critical care medicine. Dr. Cohen has served as an advisor and consultant contractor to the US Centers for Disease Control and Prevention/NIOSH, the Mine Safety and Health Administration, and the Health Resources Services Administration.
