Facility Information:

Tobacco Policy: Eastern Kentucky University seeks to provide a clean and healthy environment for all students, employees, and visitors. A tobacco-free campus policy will protect everyone from second-hand smoke. Eliminating tobacco use will also keep our campus beautiful. The use of all tobacco (cigarettes, cigars, pipes, water pipes/hookah, electronic cigarettes, and smokeless tobacco products snuff, chewing tobacco, and dipping tobacco) will be prohibited on the EKU campus.

Wi-Fi

EKU provides a wireless guest network for those visiting our campus. This network allows access to a segregated portion of EKU's wireless network and is limited access. No username or password is required. The EKU_Guest network is non-secure (open and unencrypted) and only meant as a courtesy option for guests on campus. To use the EKU guest connection: Choose EKU_Guest under your wireless connection options. Once you have connected and opened a browser, you will be redirected to a webpage where you can accept the terms and conditions of being connected to our open network. Once accepted, you can browse the web.

Electronic Device Charging Station

sponsored by:

CPAS / ADVISORS

Drop off your phone, tablet or other electronic device with us, and receive a ticket. We'll charge your device for you in a secure location during the Summit. Just bring us back the ticket and we'll give you back your device. Simple as that!

speakers

Welcome | 9:00 - 9:15 am
Fran Feltner, DNP, MSN, RN, FAAN
Director
UK Center of Excellence in Rural Health

Dr. Feltner is the Director of the University of Kentucky Center of Excellence in Rural Health, located in Hazard, Kentucky. She also has joint appointments as adjunct faculty in the College of Nursing and College of Health Science and as Adjunct Assistant Professor in the College of Medicine, Family and Community Medicine Department. Additionally, she serves as the Principal Investigator of Kentucky Homeplace, a community health worker program, which has been recognized by the Center for Disease Control (CDC), Healthy People 2020 and the national Rural Assistance Center (RAC) for successful models in Innovation.

Dr. Feltner received her Doctorate in Nursing Practice from the University of Kentucky, College of Nursing and a Masters in Advanced Practice Rural Public Health Nursing – Administration from Eastern Kentucky University

Dr. Feltner has more than 40 years of experience in rural health care. Much of her work has focused on improving the health of the Appalachian population and empowering rural communities to directly address the health disparities that affect them so seriously. Her research includes exploring the social determinants of health and their effect on health outcomes, finding effective linkages between vulnerable populations and the health care system, and examining the role and impact of community health workers.

Awards and honors include Fellowship in the American Academy of Nursing, the Paul Mason Memorial Award in recognition of contributions to benefit Kentucky's indigent and underserved population, and the Dan Martin Award in grateful recognition for enduring contributions to the health of rural Kentuckians.

Cybersecurity in a Healthcare Setting
| 9:15 - 10:15 am
Dennis E. Leber
Chief Information Security Officer (CISO)
Cabinet for Health and Family Services (CHFS)
Office of Administrative & Technology
Services (OATS)

Leber is an Information Security/ Information Technology (IS/IT) Executive Management professional with over 10 years' experience in IS/IT Management, and over 20 years of Management experience across various industries. He currently serve as the Chief Information Security Officer (CISO) for the Commonwealth of Kentucky Cabinet of Health and Family Services. Leber has provided Information Security in the Automotive Industry, Military, Federal Government, and Healthcare.

He is a combat Vet of the US Marine Corps, and also served in the US Army. He has an associates of Business, A Bachelor's of Science in Information Systems Security, a Master's in Information Systems and is working towards finishing a PhD in Management.

Medicaid Update | 10:30 - 11:30 am
Stephen P. Miller
Commissioner, Cabinet for Health & Family
Services
Department for Medicaid Services

Stephen P. Miller, CPA, is the Commissioner of the Department for Medicaid Services, Frankfort, Kentucky. He has 30 years of health

care experience serving as a hospital chief executive officer as well as a chief financial officer.

Prior to his appointment as Medicaid Commissioner in February of 2016, Steve served as the Vice President of Finance at the Kentucky Hospital Association. He has a B.S. Degree in Accounting from the University of Louisville and is a member of the Kentucky Chapter of HFMA.

Breakout Session #1

Emergency Preparedness Session
| 12:30 - 1:45 pm
Rebecca L. Hardin, CHES
Preparedness Coordinator for Region 15
Bluegrass South serving Boyle, Clark, Estill,
Garrard, Lincoln, Madison, Mercer, and Powell
Counties
Kentucky Department for Public Health

Rebecca Hardin is a Regional Preparedness Coordinator for the Preparedness Branch at Kentucky Department for Public Health. She assists local health departments with preparedness activities such as planning, training and exercising in Region 15 South which covers Boyle, Clark, Garrard, Estill, Lincoln, Madison, Mercer and Powell counties. With 20 years of experience in public health, Rebecca has also served as KDPH's Exercise Coordinator and Medical Reserve Corps Coordinator in addition to preparedness coordinator, medical reserve corps leader and health educator at Jessamine, Lincoln, Boyle and Mercer County Health Departments. Ms. Hardin received her BBA in Health Care Administration and BS in Community Health Education from Eastern Kentucky University and is a Certified Health Education Specialist. Ms. Hardin is a lifelong Kentuckian and grew up in Casey County. She currently lives in Lincoln County with her two daughters, two dogs, three cats and rabbit.

Behavioral Health | 12:30 - 1:45 pm
Lisa Hinkle. Member
McBryer, McGinnis, Leslie & Kirkland

Because healthcare is one of the most regulated areas in the country, one of the most difficult and important issues that healthcare providers face is compliance. Every healthcare provider needs to be aware of the need for compliance and for assistance in designing a program that is up-to-date with new regulatory initiatives and the Office of Inspector General's annual Work Plan.

With over 30 years of experience, Hinkle advises health care providers of all types, including health care facilities and services, nursing facilities, hospice providers, hospitals, physicians, nurse practitioners, rural health clinics, laboratory providers and federally qualified health care centers in the areas of health law, regulatory and corporate compliance, fraud and abuse (Anti-kickback Law, Stark II, etc.), and state regulatory matters including certificate of need and licensing.

In addition, she has represented clients in a class action against Kentucky Medicaid, and has also represented a number of providers in the various federal fraud initiatives as well as in Medicare/Medicaid reimbursement, licensure, and business law matters. Hinkle's work includes day-to-day counseling regarding compliance, reimbursement matters, employment problems, recruitment, preparation and review of provider contracts, and professional rights defense.

She has counseled clients extensively on new and emerging issues in health care regulation, including compliance programs and

speakers

codes of conduct, electronic medical records, and the ever evolving health care reform. She works to keep clients well positioned and knowledgeable about regulatory matters and opportunities that include funding through federal initiatives and grant opportunities.

RHC Annual Evaluation | 12:30 - 1:45 pm
Glen Beussink
Director of Consulting & Clinical Development
Midwest Healthcare

After nearly 20 years in health care, Glen has become a trusted advisor in the Rural Health Clinic business. Glen spent 20 years prior to this in the private sector developing business distribution models. Glen has developed clinics through the Midwest and Southeast. He is a trusted advisor to some of the largest hospital organization and smallest independent Rural Health Clinics. His desire of knowledge leads him to hours of reading in the Federal Register. He has presented and attended numerous conferences on the subject of Rural Health Clinic and dedicated his career to clinic conversion and regulation compliance. Glen is a member of the NARHC Consultant Advisory Committee.

Breakout Session #2

Kentucky Medicaid RHC Rate Setting & Scope Change 101 | 3:15 - 4:30 pm
Glenn Grigsby, Director
BKD, LLP

Glenn, a member of BKD National Health Care Group, primarily focuses on various regulatory and reimbursement issues facing many types of health care providers, including hospitals, community health centers and rural health clinics. He has experience in Medicare and Medicaid cost report preparation and review as well as specialized areas, including geographic reclassifications, wage index reviews and rate setting analyses. Currently, Glenn leads BKD's East Region in serving rural health clinics and federally qualified health centers in Kentucky, Ohio, Indiana and Tennessee. He works regularly with federal and state government intermediaries in the areas of cost report adjustments, reopenings and appeals. He also assists providers with strategic planning, financial forecasts, Medicaid scope changes, and fee schedule assessments. Glenn has been with BKD since 2002 and has spent his career serving the health care market. Before joining BKD, Glenn worked for an international health care consulting division.

Glenn is a graduate of the University of Louisville, Kentucky, with a B.S. degree in finance, and received an M.B.A. degree from Webster University, Louisville, Kentucky.

Generations in the Workplace
| 3:15 - 4:30 pm
Marietta Watts
Senior Training Specialist/Performance
Consultant, HR Training & Development
University of Kentucky

Marietta Watts is a senior training specialist and performance consultant at the University of Kentucky. Before joining UK, she spent 15 years at Kentucky Educational

Television as the Customer Services Manager.

Marietta provides invigorating programs in leadership development, team effectiveness, diversity, and personal and professional development. Her inspiring facilitation style helps clients and participants to maintain enthusiasm and to effectively apply their learning to meet the personal and practical challenges they face every day. She has been the facilitator and program director for the Humanity Academy since its development in 2006 and is now the lead trainer for the UK President's Unconscious Bias Initiative.

Originally from St. Louis, MO, Marietta is a graduate of Paul Brown Business School and the University of Missouri-St. Louis. She is a certified mediator and facilitator and is certified in 7 Habits of Highly Effective People, Crucial Confrontations, QAT Facilitation Train-the-Trainer, QPR Suicide Prevention and many other business and professional programs.

Common ICD-10 Documentation Deficiencies for Rural Health | 3:15 - 4:30 pm
Sharon Shover, CPS, CEMC
Senior Manager
Blue and Company

Sharon has proven experience in all aspects of revenue cycle management including knowledge and implementation of best practices in revenue cycle management and associated information systems. Her areas of expertise include practice management, clinical documentation improvement, chart auditing, coding, the accounts receivable cycle from patient access to collections, analyze commercial insurance contracts, and corporate compliance implementation processes, and policy and procedures.

PLEASE complete and return your RHC Summit evaluations before leaving. Your comments and input are very valuable to us!

Thank you for joining us, and we look forward to seeing you again next year!

National Rural Health Day

Celebrating the Power of Rural!

November 16, 2017

The National Organization of State Offices of Rural Health sets aside the third Thursday of every November to celebrate National Rural Health Day.

First and foremost, National Rural Health Day is an opportunity to “Celebrate the Power of Rural” by honoring the selfless, community-minded, “can do” spirit of that prevails in rural America. But it also gives us a chance to bring to light the unique healthcare challenges that rural citizens face – and showcase the efforts of rural healthcare providers, State Offices of Rural Health and other rural stakeholders to address those challenges.

Mark your calendar and join the celebration!

“This program has allowed me to pay my loans so that I can stay at a place like this. Everyone should be able to have access to healthcare. With the KSLRP, I’m fulfilling my life’s dream, and that’s to help the underserved.”

*Crystal Narcisse, MD
Staff Physician specializing in Internal
Medicine & Pediatrics
Park DuValle Community HealthCenter,
Louisville, Kentucky*

Need Help Recruiting a New Provider?

KORH offers workforce recruitment solutions free of charge to your clinic. We will help you design a solid recruitment plan, connect with free or paid placement services, or help you strengthen your offer with loan repayment options through the Kentucky State Loan Repayment Program.

The Kentucky State Loan Repayment Program (KSLRP) is a 50/50 matching loan repayment program funded through the National Health Service Corps (NHSC) and administered by the Kentucky Office of Rural Health. The program requires a two-year commitment by the provider to practice at an eligible site, with an equal commitment by the employer.

Eligible sites must provide Primary Care services, be in an identified HPSA, accept all forms of public insurance, offer a sliding fee scale, and see all patients regardless of ability to pay. The KSLRP 50/50 matching requirement means that for every federal dollar provided by KSLRP, there must be a 1:1 match*. This match may come from a variety of sources, called a Sponsor, including:

- Employers
- Local, State, and National Foundations
- Family, Friends, or Self-funded

Applications are accepted through a 30-day Request for Applications (RFA) period, open in early September. Total funding limits for a two-year commitment vary by profession for eligible **Physicians, Dentists, Pharmacists, PAs, NPs, Behavioral Health Practitioners, RNs, Certified Nurse Midwives** and **Registered Dental Hygienists**.

More information online:
www.kyruralhealth.org/KSLRP

For additional information on KSLRP and other workforce programs offered by KORH, contact Jennifer Wilson: jennifer.molley.wilson@uky.edu or call (606) 439-3557.

**Sponsor matches must be non-federal dollars*

Rural Health
INFORMATION

ruralhealthinfo.org

Online Library

www.ruralhealthinfo.org/library

RHIhub's online library includes over 12,000 resources, updated daily. Find publications, research, organizations, maps, and websites. Search news and events to stay current on rural health issues.

Looking for funding? Search for the latest federal, state, and foundation opportunities:

www.ruralhealthinfo.org/funding

Topic & State Guides

www.ruralhealthinfo.org/guides

Compiles in-depth information on rural health topics and your state. Includes key resources, funding, maps, events, news, statistics, and more.

Rural Community Health Gateway

www.ruralhealthinfo.org/community-health

Find tools and proven methods to help build effective community health programs and improve services.

- **Evidence-Based Toolkits** – Step-by-step guides to develop programs that improve the health of rural communities, based on evidence-based and promising interventions.
- **Rural Health Models and Innovations** – Find examples of rural health projects other communities have undertaken. Gain insights from their experiences to help you develop new programs in your area.

Tools for Success

www.ruralhealthinfo.org/success

Access resources that support grantwriting, demonstrate program impact, and plan for the sustainability of your program.

- **Am I Rural?** – Determine if your program is considered rural based on various definitions of rural
- **Economic Impact Analysis** – Estimate the impact of your program on your community's economy

Get Rural Updates

RHIhub email updates bring you the newest *Rural Monitor* articles and keep you informed of the latest news, funding opportunities, publications, model programs, and more.

Resource and Referral Service

RHIhub provides free, customized assistance for organizations and individuals seeking to maintain and improve healthcare delivery and population health in rural areas. Our information specialists are waiting for your call!

info@ruralhealthinfo.org

UK Center of Excellence in Rural Health

The UK Center of Excellence in Rural Health (CERH) was established by state legislation in 1990 to address health disparities in rural Kentucky, including a chronic shortage of health professionals and residents' poor health status.

For more than two decades, the Center has partnered with communities, providers, students and individuals to provide health professions education, health policy research, health care service and community engagement toward reaching this mission.

- *Academic degrees with a rural health focus have been completed by more than 800 graduates, with more than 80 percent practicing in rural communities.*
- *The Kentucky Office of Rural Health (KORH) provides technical assistance to rural health care facilities and communities all across the Commonwealth.*
- *Kentucky Homeplace offers Community Health Workers in 30 rural counties .*
- *Research is conducted at the Center to contribute to the knowledge base that supports improvements in health outcomes in rural communities.*
