Healthcare Worker Loan Relief Program of the Commonwealth Initiative applicants must also meet the following additional applicant criteria:

Applicants should have a history of honoring prior legal obligations.

Applicants will be deemed **ineligible** and will not be selected for an award if they have a history of not honoring prior legal obligations, as evidenced by one or more of the following factors:

1. They are in default on any federal payment obligations (e.g., Health Education Assistance Loans, Nursing Student Loans, federal income tax liabilities, Federal Housing Authority loans, etc.) or any non-federal payment obligations (e.g., court-ordered child support payments or state tax liabilities), even if the applicant is currently considered to be in good standing by that creditor.
2. They have had any federal or non-federal debt written off as uncollectible or received a waiver of any federal service or payment obligation.

Applicants who have an outstanding contractual obligation for health professional service to the federal government (e.g., a National Health Service Corps Scholarship or Loan Repayment Program obligation, or a Nurse Corps Loan Repayment Program obligation), a state program, or other entity will be deemed **ineligible** and will **not** be selected for an award **UNLESS** that obligation will be completely satisfied before the Healthcare Worker Loan Relief Program of the Commonwealth contract is signed. Please note that certain provisions in employment contracts can create a service obligation (e.g., *an employer offers a physician a recruitment bonus in return for the physician's agreement to work at that facility for a certain period of time or pay back the bonus*).

EXCEPTION: Individuals in the Reserve Component of the U.S. Armed Forces or National Guard are eligible to participate in the Healthcare Worker Loan Relief Program of the Commonwealth.

Applicants should not be currently excluded, debarred, suspended, or disqualified by a federal agency. Applicants will be deemed **ineligible** and will **not** be selected for an award if they are currently excluded, debarred, suspended, or disqualified by a federal agency.

Qualifying and Non-Qualifying Educational Loans

Healthcare Worker Loan Relief Program of the Commonwealth participants will receive funding for loan repayment to be applied to the principal, interest, and related expenses of outstanding government (federal, state, or local) and commercial (i.e., private) student loans for undergraduate or graduate education obtained by the participant. Loans must have been obtained to pay for only school tuition, other reasonable educational expenses, and reasonable living expenses. Proof of educational loan documents must be obtained when participants submit their application to the Healthcare Worker Loan Relief Program.

If the Healthcare Worker Loan Relief Program of the Commonwealth participants obtain additional educational loans toward another health professions degree that will result in a change in discipline (e.g., a Licensed Professional Counselor obtains a doctorate in clinical psychology), they will need to apply to HWLRPC as a new participant in a subsequent application cycle. Their application materials will be reviewed competitively against other applicants

Consolidated or refinanced loans may be considered for repayment as long as they are from a government (federal, state, or local) or private student loan lender and include only qualifying educational loans of the applicant. If an otherwise eligible educational loan is consolidated/refinanced with an ineligible (non-qualifying) debt of the applicant, no portion of the consolidated/refinanced loan will be eligible for loan repayment. For loans to remain eligible, participants must keep their eligible educational loans segregated from all other debts. Eligible educational loans consolidated with loans owed by any other person, such as a spouse or child, are ineligible for repayment.

Loans that **do not qualify** for loan repayment include, but are not limited to:

1. Loans for which the applicant incurred a service obligation, which will not be fulfilled before the Healthcare Worker Loan Relief Program of the Commonwealth contract is signed.
2. Loans for which the associated documentation cannot identify that the loan was solely applicable to the undergraduate or graduate education of the applicant.
3. Loans not obtained from a government entity or private student loan lending institution. (Most loans made by private foundations to individuals are not eligible for repayment.)
4. Loans that have been repaid in full.
5. Primary Care Loans (<http://www.hrsa.gov/loanscholarships/loans/primarycare.html>).
6. Parent PLUS Loans (made to parents).
7. Personal lines of credit.
8. Loans subject to cancellation.
9. Residency loans.
10. Credit card debt.

Practice Site Eligibility

Program participants must fulfill their service obligation at an eligible site within the Commonwealth of Kentucky. Eligible practice sites must meet the following criteria:

1. Be a public or non-profit private entity located in and providing health care services within Kentucky. “Non-profit private entity” means an entity that may not lawfully hold or use any part of its net earnings to the benefit of any private shareholder or individual and which does not hold or use its net earnings for that purpose. (42 C.F.R. 62.52). For-profit health facilities operated by non-profit organizations must follow the same guidelines as all other eligible sites.
2. Be located in a federally designated Health Professional Shortage Area (HPSA).
3. Medically Underserved Areas or Populations and shortage areas designated by the state **do not qualify**.
4. Accept reimbursement from Medicare, Medicaid, and the Children’s Health Insurance Program, utilize a sliding fee scale, and see all patients regardless of ability to pay.
5. Charge for professional services at the usual and customary prevailing rates.
6. Properly display and advertise their sliding fee scale and their commitment to providing care to patients regardless of ability to pay.

Sites must provide comprehensive outpatient, ambulatory, and primary health care services.

The following site types are **eligible** as practice sites for HWLRPC participants:

1. **Federally Qualified Health Centers (FQHCs)**, including Community Health Centers (CHCs), Migrant Health Centers, Homeless Programs, and Public Housing Programs
2. **FQHC Look-A-Likes**
3. **Centers for Medicare & Medicaid Services Certified Rural Health Clinics (RHCs)**

5. **Correctional or Detention Facilities**, including federal prisons and state prisons
6. **Private Practices (Solo or Group)** [Note: Solo or group practices must be a public or private non-profit entity.]

*The following site types are **not** eligible to be approved as practice sites — even if they are located in an HPSA: for-profit healthcare facilities, inpatient hospitals, and other inpatient facilities (with the exception of Critical Access Hospitals).*

Sponsorship Component

A match component is **not** required for the HWLRPC, therefore if a practice site wishes to provide additional funding, if applicable, towards the applicant's student loan debt, it will be applied to the applicant award amount and the practice site will be listed as a sponsor of the applicant.

Sponsor funding must come from a non-federal source and documentation of source funding must be provided if requested. Examples of sponsors include, but are not limited to:

- a. Employers at practice sites;
- b. Private foundations, corporations, community organizations, and/or philanthropies; and,
- c. Rurally-oriented organizations requesting that their funds be used to support the placement of practitioners in rural areas.

If the applicant's employer is providing sponsor funding, the employer must agree that the funds will not be used as a salary offset. And, when agreeing to provide the sponsor funding, the sponsor may not add additional service obligations to the applicant.

Please contact HWLRPCCommonwealth@uky.edu for information on the sponsorship component, if you have any further questions.

Additional Program Information

Contracts

Funding for the Healthcare Worker Loan Relief Program of the Commonwealth participants is awarded through an initial two-year commitment, with additional one-year contracts (extension contracts) available for re-applying participants. Extension contracts must be applied for during each open application window.

Applicants may be awarded no more than four (4) contract extensions for a total of six (6) years of service with HWLRPC, including the initial two-year contract period. Applicants who have participated in other National Health Service Corps (NHSC) programs administered directly by the NHSC are eligible to participate in HWLRPC for the full six (6) years possible.

Maximum Award Levels

Program participants are awarded funding in a tiered format, based on their provider type, level of loan indebtedness, and sponsor commitment level, if applicable. Applicants will be asked the amount of time they are willing to be committed to their practice site, this will be done in two-year intervals depending on the applicants' maximum award level tier and their student loan account balance. (i.e. if an awardee falls within tier 2 and owes \$120,000 on their student loans, they can agree to a two-year contract for \$60,000 or a 4-year contract for \$120,000). Maximum award levels are as follows:

Payments to Participants

Loan repayment funds from sponsors and the Healthcare Worker Loan Relief Program of the Commonwealth are paid directly to program participants.

For participants working under an initial two-year service commitment and their practice site decided to provide additional funding towards their student loan repayment, sponsor payment is made directly to the participant in the amount of one-half of the sponsor's total agreement amount within 30 days of their official contract signing date. Funds must be distributed by that same date each year. The Healthcare Worker Loan Relief Program of the Commonwealth payment is made directly to the participant in the amount of one-half of its total obligation after the sponsorship payment, if applicable, has been cleared and verified by the participant, each year.

For participants without sponsorships, the total amount of the funds the participant is eligible for from the HWLRPC is made directly to the participant, within 90 days of their official contract signing date.

For participants working under extension contracts sponsor payment, is made directly to the participant in the amount one half of the sponsor's total agreement amount within 30-90 days of their official contract signing date. The Healthcare Worker Loan Relief Program of the Commonwealth payment is made directly to the participant in the total amount of its total obligation after the sponsorship payment, if applicable, has been cleared and verified by the participant.

Verification of Payments

Verification of payments made on loan debt is required periodically throughout the service obligation. Program participants will be asked to submit (1) copies [photo, photocopy, screenshot of direct deposit, etc.] of checks from their sponsor; and, (2) payment/account documentation [e.g., a screenshot with timestamp/date and account holder's name] showing that all sponsor funds have been applied to their loan debt and have cleared. In addition, once the Healthcare Worker Loan Relief Program of the Commonwealth funds have been disbursed, program participants must submit payment/account documentation [e.g., a screenshot with timestamp/date and account holder's name] showing that all the Healthcare Worker Loan Relief Program of the Commonwealth funds have been applied to their loan debt and have cleared.

The Healthcare Worker Loan Relief Program of the Commonwealth payments will not be made to participants until all documentation relating to sponsor payments are provided to CERH. Payment verification should be submitted to CERH within 30 days of receiving funds.

There will be a document link sent to each participant to fill out and upload all payment verification information within, when funds are dispersed and applied to the awardees' student loan account.

Failure to document that all funds were applied to loan repayment may place the Healthcare Worker Loan Relief Program of the Commonwealth participant in default.
